

WHOLE NUMBER 8,130.

the wedding march from "Lohengrin"

the wedding march from "Lohengrin" was played and on leaving "Mendelssohn's Wedding March" pealed forth. The ceremony was performed by Rt. Rev. Bishop Clark, assisted by Rev. W. N. McVicker, Bishop Conductor. Prior to the service Mr. McLenn, the organist at the church, rendered a delightful musical program.

A reception followed the ceremony at the Porter cottage, the home of the bride's parents, on Greenough place, after which Mr. and Mrs. Sturtevant left for a wedding trip.

The gifts sent to the bride were numerous and beautiful. Mr. Sturtevant is one of the instructors at St. George's School.

**Holm-Atwood.**  
The residence of Mr. George N. Atwood, of the firm of Frost & Atwood on Hanover street, Fall River, Mass., was the scene of a very pretty wedding Thursday afternoon, when his daughter, Miss Mary King Atwood, was united in marriage to Mr. Collin Tolmney Holm, son of Mr. M. S. Holm, of Newport. Rev. W. W. Adams, D. D., pastor of the First Congregational church officiated. The ceremony took place under a floral bower. The bride was prettily dressed in a gown of white silk mull, trimmed with lace and ribbon. The bridesmaid was Miss Jennette F. Melanchileu and Mr. George Leander Atwood, a brother of the bride, performed the duties of best man.

Miss Florence Esther Whitmarsh, of Dighton, Mass., presided at the plans and played the wedding march from "Lohengrin." The Misses Ella Thayer, Eve Cline, Mattie M. Farwell, Ella Besse, Edna M. Burdick and Maud Durfee Chance acted as flower girls. The ushers were Messrs. Louis P. Dana and George Everett McCann. The presents were numerous and costly.

Mr. and Mrs. Holm left on the New York boat for Lynchburg, Va., where Mr. Holm is an instructor in the U. S. C. A. gymnasium.

**Donnelly-Denniston.**  
Miss Annie Denniston was united in marriage to Mr. John B. Donnelly, St. Mary's church Wednesday morning in the presence of relatives and friends, Rev. William B. Meenan, pastor of the church, assisted by Rev. Lou J. Deady, pastor of St. Joseph's, officiating. Miss Catherine L. Denniston, sister of the bride, was the bridesmaid wearing white and a white hat. Her bouquet was carnation. Mr. Donnelly, brother of the groom, was the best man. The ushers were Messrs. D. McWilliams, of Providence, and John G. Costello, of this city.

The bride wore white crepe de chene with a long veil, carrying a bouquet of bride's roses. She was given away by her brother, Mr. James H. Dennison.

During the service a special music program was rendered, with solos by Rev. Father Cronan, Mr. Thomas Connolly and the sanctuary choir, under the direction of Organist Commette.

A wedding breakfast and reception was later held at the home of the bride, where many wedding gifts were shown. Mr. and Mrs. Connolly left later for their wedding trip.

### Royal Arcanum Anniversary

The silver anniversary of the Royal Arcanum, a full and exclusive account of which the MERCURY gave two weeks ago, begins to-day. Coronet Council of this city will take but little part in to-day's proceedings which will be simply an outing at Haultreuve on the Bay. Tomorrow, Sunday, morning at 10 o'clock the committee will assemble at O'Fellows hall and, with as many members as will join them, will proceed to decorate the graves of all those who have died since the Order was organized in this city. Fifty-five have died in all; of this number forty are buried in Newport, two in Jamestown, one in Middletown, one in Port

mouth, and the others in various parts of this country and in Europe. Members and friends are cordially invited to bring flowers for service. Sunday evening the members will assemble at Odd Fellows Hall at 8 o'clock and proceed to the Central Baptist church where religious services will be held and a sermon appropriate to the occasion will be delivered by Rev. Dr. Beckley, pastor.

Monday night some forty or more members will go to Providence for the purpose of attending the grand rally to be held in Infanterie hall. They have chartered Champion's new launch and will make the return trip the same evening. This will be the end of their days' celebration.

Messrs. George Bardick, Willston Barker, Philip Caswell and Frederic W. Greene, Jr., of Newport, were among the graduates at Brown University Wednesday. Miss Maude L. Clark was graduated from Pembroke College connected with Brown University.

A bill in equity has been filed in supreme court to determine the ownership of the Jewish Synagogue.

Mr. Francis Byrne, of the Ethel I. Byrne Company, is spending his vacation with his relatives here.

## WHEN LIFE'S AT STAKE

The most timid man will take any chance of escape. The slender rope dropped down the precipice, the slippery log over the abyss, anything that offers a chance of life, is eagerly snatched at. The end the man seeks is safety. He cares nothing for the means to that end.

There are thousands of men and women whose lives are at stake, who are hindered from accepting the one means of safety by foolish prejudice.

Doctor Pierce's Golden Medical Discovery has been the means of restoring health to many men and women whose hollow cough, bleeding lungs, emaciation and weakness seemed to warrant the statement of local physicians—"There is no cure possible."

Why should prejudice against a put-up medicine hinder you from trying what has cured thousands of suffering men and women?

"Only for Dr. Pierce's Golden Medical Discovery (I think I would be in my grave to-day," writes Mr. Moses Miles, of Millard, Idaho Co., Wyoming. "I had asthma so bad I could not sleep at night and was compelled to give up work. It affected my lungs so that I coughed all the time, both day and night. My friends all thought I had consumption. My wife had taken Dr. Pierce's Favorite Prescription and it had helped her so much she insisted on my trying his Golden Medical Discovery—which I did. I have taken four bottles and am now a well man, weighing 155 pounds, thanks to Dr. Pierce's Golden Medical Discovery."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose.

# The Mercury.

JOHN P. BARNHORN, Editor and Manager.

Saturday, June 21, 1902.

Ex-Secretary of the Navy John D. Long has been made an L. L. D. by Tufts College.

Capt. Clark of the Oregon has been made a Rear Admiral and his appointment has been confirmed by the Senate without opposition.

They are looking for a new president of the State Agricultural College in place of Washburn who steps down and out at the request of the state board of management of the college.

"War," said Gen. Hamilton C. King in an address in Brooklyn, "can not be successfully conducted with spirit guns filled with lavender water." As long as there is war this proposition may as well be accepted as true.

The police of Newport are after the scorching automobilists. Young Vanderbilt's man was cautioned the other day to have more regard for law in the future. It will be necessary to keep a sharp hand on those jacks this summer.

Joseph Wharton of Philadelphia, one of Jamestown's well known summer residents, has given \$300,000 to the Wharton school of finance and economy connected with the University of Pennsylvania. This is in addition to the \$200,000 previously given by the same donor.

A Pretoria dispatch says of the Boers who are surrendering: "Many are youngsters of 11 years old and upward." Gen. De Wet praises their fighting qualities. If Boers of 11 can handle a rifle, Gen. Smith must have had good reason to look after Filipinos of 10 brandishing a bolo. The tropical youth ripens early.

This has been graduation week in most of the schools and colleges of the country and thousands of youth have been turned loose to do battle with a hard hearted world. Let us hope in their journey through life they may find more sunshine than shadow, more joy than sorrow, more success than failure.

The validity of the ten hour law for street railway employees is to be tested in the Federal courts. Suit has been brought by one Thomas Martin of Chelsea, Mass., against the Woonsocket street railway. His attorney is General Charles A. Wilson of Providence and he is assisted by Richard Olney of Boston, Cleveland's former Secretary of State.

Col. Curtis Guild, ex-mayor of Boston, and an officer in the late Spanish war, tells the people of that city that it was well that our opponent was Spain in the late war, else we should have suffered infinitely more than one could estimate. Had a Spanish fleet entered our harbor six weeks after the blowing up of the Maine, we should have been able to fire off only two rounds of cannon, as there was only powder enough to fire off each cannon twice.

The people of Middletown exhibit decided objections to being run over by the swift moving automobiles or to having their horses frightened by the wild drivers of these steam engines on the public highways. If the town sergeant gets hold of a few of them the owners will probably have to pay for the luxury of reckless driving. It will be well to make an example of a few of these fast moving machines and their owners. The rest may be more willing to obey the laws.

The railroad strike and the rioting accompanying it in Pawtucket is likely to prove a costly luxury for that city. In addition to being called upon to pay the expense of maintaining the militia for several days the city will also have to stand the expense of many lawsuits. The people who were injured, those whose property was damaged, and many of those who were put in great danger from the mob will bring suits against the city and the award of damages is likely to be heavy.

The Old Colony Street Railway Co. have applied for permission to extend their tracks some 600 feet along the beach so as to reach the new pavilion and bathing houses now being erected. The company should not stop with the 600 feet but should go to the bridge near the Middletown line. There is a great country to be developed at Easton's Point, Renfrew Park and other places on that side. And if the road while on the extension plan would consider the requirements of this region, the company would in the end be benefiting themselves. It will cost but a mere trifle more to make this few hundred feet addition to the line and it should by all means be done.

The Boston Herald takes exception to some remarks made by Admiral Schley at the celebration of Flag Day in New York on Saturday. Speaking of the reverence due to our national flag, he said he always felt it a gross insult to see it used, as he had seen it being used in Boston, for advertising shoe blacking and for exploiting other goods. The Herald thinks that the Admiral never saw such a sight in Boston. For our part we have no doubt but that the Admiral is right. There are people in every state with so little love for the national emblem that they will use it for base advertising purposes. Even in Rhode Island the General Assembly had a tussle of weeks before they could pass any kind of a law to protect the flag. And the act they finally passed is far from satisfactory.

## Brown Commencement.

The 134th annual commencement at Brown University occurred on Wednesday when clear skies and mild June weather added to the enjoyment of the day. The procession formed on the front campus and marched to the First Baptist Church, over the route which has become famous because of the pleasant memories attached to it in the minds of the graduates that have passed down the hill each Commencement.

After the speeches in the church by the four orators of the day, degrees were awarded to the members of the class. Of the Newporters in the class were William Wright Barker, George Hurdick, Frederick William Greene, Jr., and Maude Evelyn Clarke, all of whom received the degree of Bachelor of Arts, and Philip Caswell, who received the degree of Bachelor of Philosophy.

An honorary degree of Doctor of Divinity was conferred upon Rev. Emory H. Porter, rector of Emmanuel church in this city. "D. D.—Emory Huntington Porter, of 1836, for 30 years minister of religion in Rhode Island, a workman that needeth not to be ashamed, a scholar, a gentle, Christian gentleman."

The commencement dinner and the reception to the graduates by President France were both well attended.

Exports of leading domestic products, breadstuffs, provisions, cotton and mineral oils showed a smaller total value in the month of May than in any other month since April, 1899. The amount was \$48,726,101. This was a falling off of over \$5,000,000 as compared with the preceding month. The chief source of the decline was the falling off in exports of cotton, which were less by over \$1,800,000 than in April. There were decreases also in provisions and breadstuffs, and slight increases in cattle and hogs and mineral oils. For the eleven months the specified classes of exports were valued at \$735,004,711. This represents a decrease of over \$75,000,000 as compared with the corresponding period of the preceding fiscal year, though an increase of over \$29,700,000 as compared with the like period of the year before that, and of nearly \$68,500,000 over the eleven months ending in May, 1899. The heaviest falling off as compared with the eleven months of last year was in breadstuffs—over \$52,000,000. There was a decrease of over \$22,200,000 in exports of cotton and one of over \$6,700,000 in cattle and hogs, while provisions showed an increase of over \$4,500,000 and mineral oils one of some thing over \$700,000.

Gold certificates outstanding now exceed the legal tenders in volume, a fact to which attention was directed by United States Treasurer Roberts this week. This, taken in connection with the further fact that the United States government now holds in the treasury the largest amount of gold held by any institution in the world, shows the extent to which we are drifting in the direction of conditions making for the permanence of the gold standard. The great production of gold of late years had a most important influence in determining the course of monetary reform not only in the United States, but in other countries, and the prospect is that production will be still further increased as the result of the settlement in South Africa. Conditions now are of a nature to induce an optimistic spirit in reference to currency questions; it will be well if the prevalence of that spirit does not lead to a neglect of opportunities for improving our legislation in regard to currency matters.

The Gooseberry Island Club and Spouting Rock Beach have opened for the season.

## Real Estate Sales and Rentals.

C. H. Wrightington has rented the lower half of the house, No. 16 Sherman street, for Mrs. Mary Field, to Wm. J. Filton.

C. H. Wrightington has rented for Mrs. Annie B. H. Vose, of Brooklyn, N. Y., the northern section of her semi-detached house on Broadway, to Norman Whitney, for a term of years.

George L. Bradley of Pomfret, Conn., and Jane W. Bradley of Lincoln, R. I., have sold to Rosa Ann Grosvenor a lot of land bounded west, 280 feet, on Heaton Hill road; north, 480 feet, on land of the grantee; east, 390 feet, and south, 354 feet, on other lands of the grantor, containing 3.68 acres or 162,017 square feet.

A. O'D. Taylor has rented for Mr. and Mrs. D. L. Fish the "Clarke House," No. 431 Broadway, to Joseph A. Hour.

A. O'D. Taylor has sold a lot of 4,900 square feet of land on Third street, for Mrs. Agatha M. Albro, to Joseph S. Lawton.

C. H. Wrightington has sold for J. Truman Bunkle a lot of land on Wellington avenue, comprising about 4,000 square feet, to Wm. E. Pearson.

Lewis L. Simmons, as guardian of the estates of Julia and Mary Bryer, has sold to Fiebel David the parcel of land, with buildings thereon, bounded easterly, 27 feet on Spruce street; westerly, 27 feet, on land of Margaret Anthony; northerly, 100 feet, on land formerly of Catherine Bryer, and southerly, 100 feet, on Heath court.

A. O'D. Taylor has rented for Mary B. Hazard the unfurnished house, No. 81 Church street, to Henry A. Gibbs.

## Middletown.

COURT OF PROBATE.—On Monday last the Court of Probate met at the Town Hall and passed upon the following estates:

Estate of Seth and Stephen Raymond DeHollis. On her petition, as Guardian, Sarah M. DeHollis is authorized to sell at private sale the interest of said minors in three parcels of real estate in Newport for not less than the appraised value and was required to give bond in the sum of \$1,000, to properly invest the proceeds of sale, with James S. Hazard and George P. Lawton as sureties.

Estate of William Albino. The first and final account of J. Truman Bunkle, Administrator, is continued for further consideration to the third Monday of July.

Estate of Mary M. Boyd. The petition of Charles G. Boyd to appoint William M. Boyd Administrator on the estate of Mary M. Boyd, was referred to the third Monday of July and notice of its pendency ordered to be published.

In Town Council.—The meeting of the Town Council was quite fully attended and its action important to the town in several respects. The Council drew out a list of 41 jurors, nearly one-half of all the persons in the town liable to jury duty and granted permission to the Newport and Bristol Ferry Railway Company to lay tracks in nearly all the principal highways. Of the jurors drawn, 20 were drawn for service during the present judicial year and 21 for the year ensuing the third Monday of July next.

No objection was offered to the petition of the Newport and Bristol Ferry Railway Company and the ordinance granting the privileges desired in the highways, prepared by the Company's Attorney, J. Stacy Brown, was enacted as first presented, barring a few minor variations. If all the highways mentioned are furnished with tracks and cars, Middletown will have a street car service equal to most of the cities in New England, the south-east corner of the town being practically about all the territory not covered.

William S. Hazard presented the petition of himself and others for a street light near his residence on the West Main road. Petition was referred to the Old Colony Street Railway Co. as coming within the sphere of its duty to sufficiently light its railway. Middletown has not advanced as yet to street lights and fire engines, although promised in the near future, an electric car service covering most of the town.

JURORS WARNED.—For the June session of the Common Pleas Division of the Supreme Court, which comes in on Monday next, Abram A. Brown, James William Brown and George H. Irish have been warned to attend as Grand Jurors, and Frank T. Peckham, C. Henry Cuyler, Peter Murphy, W. Scott Barker and Alfred C. Anthony have been summoned to attend as Petit Jurors.

REGISTRATION OF VOTERS.—A week from Monday next the time limited by law for voters to register expires. Only a small number have thus far taken this initial step for voting. The Town clerk will give opportunity to register to any eligible persons at the Paradise school house on Paradise avenue, on Monday evening and at the Peabody school house on Third Beach Road on Tuesday evening of next week.

UNUSUAL ACTIVITY IN THE MARRIAGE LINE.—For a number of years there has been almost a dearth in marriages and but few children of American parentage have been born. Since the advent of spring there has been an unusual number of marriages and the disposition to assume the conjugal relation seems to be more general and apparent than for a long period in the past. In one single family there have been three marriages since March 20, and from June 1 to the 16th instant five marriages were solemnized. On Wednesday last there were two church weddings. The first of Edward Sturtevant to Miss Theodore Van Horn took place at the Berkeley Memorial Chapel and the second occurred in the Chapel of the Holy Cross, where William B. Chase was married to Miss Anna R. Coggeshall. In both cases the limited capacity of the Chapels scarcely afforded space for all the guests and friends who desired to witness the taking of the marriage covenant.

## Sig. Sautelle's Show.

Sig. Sautelle's all new, 25 cent railroad shows will pitch its tents in Newport, June 27, on Middletown avenue, and from all indications there will be all that is wonderful and marvelous in the circus line. To start with his menagerie contains (22) twenty-two cages of rare and wild beast from every clime, and a herd of mammoths, camels and many other hay animals. The proprietor's coming to Newport is not like that of a stranger nor as an adventurer, but as a time-tried, thoroughly tested man of the people. His shows have never changed their names nor has the proprietor ever injured himself by unkept promises. On the contrary he holds every promise a sacred pledge as chaste as it is matchless. This honest honorable way has sent Mr. Sautelle's shows to the zenith of their glory and they stand today alone and in the solar system of big shows. The proprietor employs only the best and highest skilled riders, tumblers, leapers, acrobats, funny clowns, all star features, educated animals and newest novelties to be had. As a forerunner of the good things to be offered at the afternoon and evening performances, a majestic, gratuitous professional street spectacle will be given.

Miss Lillian Susan F. Jeter will give a lecture in the Shiloh Baptist church, corner of School and Mary streets, on Wednesday evening, July 16, 1902. Subject, "Physical, Moral and Intellectual Education." The price of admission will be 30 cents. The proceeds will be for the benefit of Miss Jeter's course at Neff College of Oratory at Philadelphia, Pa. Refreshments will be on sale. Doors open at 7:30; lecture at 8:30 sharp.

The trouble between the Master Painters Association and the local union has been settled by the disbandment of the association and the men have returned to work.

Mob rioting has been transferred this week from Pawtucket to Central Falls. Much damage has been done to the street railroad property and several persons have been injured by the mob.

Miss Ethel Dodge, an employee of the Newport Mercury, is enjoying a two weeks' vacation.

The Friends' Yearly Meeting closed on Wednesday. They will meet in Portland next year.

## Washington Matters.

The President on Cuban Reciprocity.—The Vote on the Nicaragua Canal Bill Clears the Deck for Action.—Irrigation Bill is Passed in Concurrence.—The Philippine Bill in the House.—Notes.

(From the Associated Press, June 10, 1902.)

On Friday the President sent to Congress a message devoted exclusively to the subject of Cuban reciprocity. There is nothing damming or dictatorial about Mr. Roosevelt's utterance. It is straightforward, forceful appeal to Congress to carry to a successful issue the great work begun when the United States declared war against Spain because of the oppression which she had visited upon Cuba, and which ended with the establishment of the republic of Cuba. Mr. Roosevelt urges Congress not to curtail the magnificent policy of this great and powerful nation by halting before the complete fulfillment of the pledges she has made to Cuba, to the world, but, more than all, to herself; not to permit selfish and selfish reasons to deter her from insisting to the new born republic that measure of prosperity which can result only from generous reciprocal concessions. He expresses the firm conviction that such concessions will not injure any industry in this country. He dwells upon the fact that, by the limitations which we have placed on Cuba's foreign policy through the Platt amendment, we have obligated ourselves to grant her special concessions in return.

Before Mr. Roosevelt sent his message to Congress it was urged upon him that such a course would be inexpedient, that it would have a tendency to lure the chances of republican victory at the polls but these objections had no weight with the President. He regards the enactment of a law providing for Cuban reciprocity as a duty and with him the conviction that a certain action in his duty outweighs all other considerations. His main exposition of his convictions cannot but command the respect of all true Americans whether they take issue with his reasoning or not. In the words of the late respected "Jerry" Rusk, "He seen his duty and he done it." The responsibility now rests with Congress.

So far as I have been able to learn the President's message, while commanding respect, produced little effect upon the opponents of Cuban reciprocity. They say that Mr. Roosevelt's views are purely sentimental and that he is mistaken in his conclusions as to the outcome of a reciprocal arrangement. Senator Elkins said, after the message was read, that he saw no reason to change his views, that the President had revealed no new phase of the situation and that in his (Elkins') opinion, the Sugar Trust would be the only beneficiary of Cuban reciprocity. Senator Bard declined to discuss the situation beyond saying that he had not changed his opinion. Representative Tawney said, "The President is mistaken and the only result of his message, if it has any, will be to make the opposition more solid than before." Representative Long said that the President's message would result in the prompt passage of the Cuban bill, but Mr. Long has held that it would pass from the first. On Saturday Senator Elkins introduced a resolution providing for the annexation of Cuba as a state.

The determination of the Senate to vote on the Nicaragua Canal bill on Thursday will "clear the decks for action" on the Spooner bill which will probably be reported from the Committee on Relations with Cuba today or tomorrow. It is still impossible to forecast what action the Senate will take on the canal question although it is generally believed that the Spooner resolution will be passed. The greater part of Friday was spent by the Senate in secret session, the nomination of General Crozier as Chief of Ordnance being under consideration. Senator Proctor made a vigorous speech against the confirmation of Crozier while Senator Cockrell upheld it. Senator Foraker also spoke in favor of confirmation as did Senators Warren and Hatis but no final action was taken and no statement was made public.

On Friday the House of Representatives passed the Irrigation bill previously passed by the Senate. The passage of this bill by a generous majority will be a source of the greatest satisfaction to Senator Hansbrough and Representatives Maudslott and Newlands who have worked for it indefatigably during the entire session. Under the provisions of the bill the Secretary of the Interior is authorized to begin the great work of irrigating the arid portions of numerous Western states immediately. On Wednesday the House defeated the Curtis Pacific Cable bill and on Tuesday the Lacey bill, providing for a transfer of the care of the Forest Reserves from the Department of the Interior to the Department of Agriculture, was rejected. Saturday was devoted to petitions and today will be spent on miscellaneous legislation.

On Wednesday the House will take up the Philippine bill reported from the Committee on Insular Affairs and it is possible that the Lodge bill will be offered as a substitute. The consideration of this bill in the House is not regarded with apprehension by the party leaders. Despite the efforts of the democratic press to mislead the people and of the democratic politicians to distort the facts, current events in the Philippines are serving as a continual demonstration of the wisdom and justice of the policy of the administration in the islands. The insurrection is ended and even the bands of outlaws, who for years have been following the nefarious calling of brigands and, more recently, have been presenting a sporadic and guerrilla warfare upon the American troops, have been reduced to a minimum. The more intelligent portion of the Philippines under the lenient guidance of the Philippine Commission, long since turned their attention to the arts of peace and, with the extended authority which the Lodge bill will confer upon the Commission, an era of prosperity will be inaugurated such as the heretofore unfortunate inhabitants have never known. The republican leaders, keenly alive to the fact that the enactment of the Lodge bill will be promptly followed by an influx of capital to the islands, will neither delay that end nor lag over details and within a few months American enterprise will have produced a condition of affairs in the Philippines which will put to shame those democrats who, in their efforts to deceive the public, have slandered the army and fomented unprecedented evil as a result of the humane policy inaugurated by President McKinley and carried out to the letter by his earnest and energetic successor.

## Weather Bulletin.

Copyright, 1902, by W. T. Foster.

Mr. Joseph M. June 21.—Last bulletin gave forecasts of the disturbance to cross the continent June 22 to 26, warm wave 21 to 26, cool wave 24 to 26. Next disturbance will reach Pacific coast about June 27, cross west of Rockies by close of 28, great central valleys 29 to July 1, eastern states July 2. Warm wave will cross west of Rockies about June 27, great central valleys 29, eastern states July 1. Cool wave will cross west of Rockies about June 30, great central valleys July 2, eastern states July 1.

Temperature of the week ending July 7 will average above in valleys of Red river of the North, and the Missouri, in the southwest and south-east; below in vicinity of the great lakes and the northeastern states. For same period rainfall will be below normal.

Immediately following date of this bulletin weather will be generally cool with frequent showers in Ohio valley and eastern states. Remainder of June will be unusually cool except in extreme northwest where a hot wave will be coming in at the close of the month.

Very similar weather will prevail over the entire continent during last week of June, cool and showery. Over the lakes, northern Ohio valley and northeastern states weather of July will materially differ from that of other parts of the country and next bulletin will give a general outline for that month.

I do not forecast earthquakes, am not fixed for that work and our people are not immediately interested in that subject but recent volcanic eruptions all around the earth have caused a general discussion of that subject.

A general interest is manifested as to the cause of earthquakes and volcanic eruptions. If they are from a general motion of the earth's interior then we can never forecast them but if they originate from electric effects, like the heating of an electric wire, we may be able to forecast their coming.

Seismologists universally expect great disturbances when new moon, the moon's node and the moon's perigee occur together and the German professor, Fals, bases his earthquake forecasts on these positions of the moon.

The Martique volcanic eruption occurred on the morning of May 7, and the earthquakes in Mexico and other parts of the earth occurred very near that date.

The moon was at perigee—its nearest point to the earth—on May 8, new moon was at its node—passing between the earth and sun—on 7. The sun was eclipsed by the moon on 7.

This seems to verify the sailor's rule. The next disturbance would be due at the full moon following, May 22, and the next volcanic disturbances did occur near that time but at the latter date the node was two days away and at the new moon of June 6 the node was three days away. The volcanic disturbances died away as these disturbing positions of the moon separated from each other.

EX-PRESIDENT CLEVELAND

Says New Issues Can Be Dealt With in a Manner Consistent With Party's Doctrine—Ex-Senator Hill Tells What Democracy Stands For

New York, June 20.—Democracy only was the keynote of a great gathering of representative Democrats who had come to attend the opening of the handsome new quarters of the Tilden club last night. To Democrats the event was one of the most memorable for many a day, as Grover Cleveland and David B. Hill, two of the most prominent leaders in the country, met in harmony, seeking to draw the factions of their party together. It was the first public political appearance of the ex-president in five years. He spoke first. Ex-Senator Hill spoke after him and then Governor Montague of Virginia and Colonel Gaston of Boston delivered addresses.

There was tremendous applause as Mr. Cleveland ascended the small platform. He said:

"I have been urged to participate in this occasion by those who have assured me that this handsome structure is to be dedicated tonight to the rehabilitation and consolidation of the Democratic party, under the inspiration of a name which, during the days of Democratic strength and achievement, was honored in every Democratic household."

"Such an assurance made to one who followed with hearty devotion the leadership of Samuel J. Tilden, when living, and who has since found in his career and fame the highest incentive to Democratic steadfastness, could hardly fail to overcome the temptations of my contented retirement from political activity. Perhaps there are those who could define my position as one of banishment instead of retirement. Against this I shall not enter a protest. It is sufficient for me in either case, that I have followed in matters of difference within our party the teachings and counsel of the great Democrat in whose name party peace and harmony are tonight invoked."

"In dealing with new issues, we of the Democratic faith are extremely fortunate in the simplicity of Democratic standards and the ease with which new questions can be measured by those standards. A party based upon care for the interests of all the people, as their aggregate condition demands, with no unjust favoritism for any particular class; a party devoted to the plan of popular government as our fathers ordained it and for the purposes which they sought to establish; a party whose conservatism opposes dangerous and un-American experiments and yet puts no barrier in the way of genuine and safe progress, ought to be able to deal with new questions in a manner quite consistent with Democratic doctrine, and stimulating to Democratic impulses and instincts."

"My days of political activity are past, and I shall not hereafter assume to participate in party councils. I am absolutely content with retirement; but I still have one burning, anxious political aspiration. I want to see before I die the restoration to perfect health and supremacy of that Democracy whose mission it is to bless the people—a Democracy true to itself, untampered by clamor, unmoved by the gusts of popular passion and uncorrupted by offers of strange alliances, the Democracy of patriotism, the Democracy of safety, the Democracy of Tilden and the Democracy that deserves and wins success."

At the point in his speech where Mr. Cleveland announced his absolute retirement from politics the crowd yelled, "No, No, No."

Ex-Senator David B. Hill, outlining what Democracy stands for, said: "We are all united in favor of the preservation of constitutional liberty wherever our flag floats. We are opposed as the permanent policy of this government to the maintenance of dependent colonies to be governed outside of the pale of the constitution."

"We are all agreed that the civil should always be superior to the military power."

"We all favor freedom of commerce, and therefore favor genuine reciprocity with foreign nations, but are all opposed to sham Republican reciprocity, which is only another name for Republican hypocrisy."

"We all stand for free trade in all articles controlled by the trusts."

"We all desire justice for Cuba and justice to the consumers of the United States also."

Verdict in Triple Crowning

Bath, Me., June 19.—The coroner's jury yesterday found that the drowning of Eula M. Howe, Eva Mains and Mrs. Della Howe, in the Kennebec river last Thursday, was due to an unavoidable collision between the ferryboat Hockanock and the boat in which Mr. Howe was taking his family across the river.

Panama Canal Project Favored

Washington, June 20.—An isthmian canal, while not yet absolutely assured, is nearer to construction than it ever has been. The senate yesterday, by a majority of 8 votes, adopted the Spooner substitute for the Hepburn Nicaragua canal bill, the vote on the substitute being 42 to 34.

Thomas S. Knight, captain of the Tufts college football eleven, and first baseman on the "Varsity" ball nine, won the Tufts tennis championship for the second successive year.

Henry Goff, a fiery stable keeper, 33 years old, killed himself at Bristol, R. I., by inhaling illuminating gas. He had been suffering from melancholia.

Terrible Situation Growing Out of Paterson Strike

MILLS COMPELLED TO CLOSE

By Crowds Who Marched Through the Streets and Did Their Utmost to Wreck the Establishments—Plot Perhaps Hatched by Anarchists

Paterson, N. J., June 19.—This city was in the hands of a mob yesterday. Never before in its history has the city witnessed such lawlessness as existed during the entire day and conditions promise to be worse. As a result of yesterday's riots a number of persons were shot and two at least will die. One of the latter is a reporter who was shot while on duty. The police did their work nobly, but they were so few in number that they could make little headway against the mob.

Mills have been wrecked with stones and bullets by the striking silk dyers' helpers or roughs acting for them. There have been threats to resort to the torch. So far the mayor has hesitated about asking Governor Murphy for troops, whose presence seems to be necessary if the lawless element is to be held in check. The governor stands ready to throw two regiments into this city at one hour's notice, but the mayor hesitates.

There seems to be every indication that the riot was the result of a pre-arranged plan to involve the would-be peaceful element in the affair from the start. For some time past agents of anarchists have been quietly fanning the flames.

Chairman McQueen, who has held the strikers in leash since he obtained control on the second day of the strike, and who has since stood almost alone between the city and violence, presided at a meeting yesterday. He spoke, as did an Englishman named McQueen, and Galliano, an avowed anarchist. McQueen could not understand the latter, but he worked his countrymen into a frenzy.

Then McQueen called for a vote on the question of calling for a general strike of all branches of the silk trade. All voted in favor, as no one dare vote otherwise, and a committee was appointed to consider means for bringing the silk workers out. Five minutes later Galliano shouted something in Italian. Instantly, as if it was a pre-arranged signal, a mob had formed about him. Into it rushed the Italians and then the other foreigners, and a moment later the mob, led by Galliano, swept down Belmont avenue, and from that time until every mill in the city was closed the mob held full sway.

Paterson, N. J., June 20.—In the main yesterday was a quiet day in this city. The most important event of it was the suspension from duty of Chief of Police Grant by Mayor Hinchcliffe and the assumption by the mayor of the duties of that position. William McQueen, the English anarchist, who was prominent at Wednesday's meeting before the rioting began, has left the city. Galliano, the Italian, and Grossman, the German, who are said to have been prominent Thursday, have also kept from public notice. Lacking a leader and keeping out of the run of the early day the rioters of Wednesday did nothing when a majority of the mills they closed by their violence resumed work.

Militia Will Protect Mills

Newark, N. J., June 20.—Governor Murphy at midnight ordered a part of the first regiment of infantry and the entire first troop to Paterson to preserve order. The members of both commands began to assemble at 1 a. m. The troops will be put on guard duty at the mills today.

Troops May Be Needed

Central Falls, R. I., June 19.—The extension of the state troops to this city is possible as a result of three serious demonstrations here last night in which cars were stoned, trolley ropes pulled and motorcars struck and injured.

It was the first attempt to run cars in this city after nightfall, and the attitude of the mobs was so hostile and the fusillades of stones so severe that the lines were abandoned shortly after 9 o'clock. Quiet throughout the city was general during the day, but at 8 o'clock a crowd of people gathered on Dexter street and attacked an outgoing car. Volleys after volleys of stones were thrown into the car and the motorman was injured by being struck on the head. The return trip was one of the most exciting episodes ever witnessed in this vicinity.

Dartmouth Student Drowned

Keene, N. H., June 18.—Austin P. Cristy, Jr., aged 22, son of the proprietor of the Worcester Telegram, and a senior of Dartmouth college, was drowned in Spofford Lake, Chesterfield, yesterday, by the upsetting of a canoe.

Smallpox Is Spreading

Cambridge, Mass., June 20.—Smallpox continues to spread in Cambridge, six new cases being reported yesterday, all members of different families in the infected district. This makes 20 cases in one district since Sunday.

A Substantial Wedding Gift

Cleveland, June 18.—Senator Hanna has made an additional gift to the large numbers sent to his daughter, Mabel, who was married Monday, by yesterday sending a check for \$50,000 to her husband, Harry Parsons.

Civil Government in Samar

Manila, June 19.—The organization of civil government on the island of Samar yesterday was witnessed by a large crowd of people. General Grant turned the administration of the island over to Acting Civil Governor Wright of the archipelago. Senator Lorenzo was appointed civil governor of the island by Governor Wright.

Supported by Beverly People in the Case of Wilbur Clark

Beverly, Mass., June 20.—The excitement continues over the strange absence of Wilbur Clark, 3 years old, who disappeared near Chobacco lake Wednesday afternoon. There are many theories regarding the disappearance, some holding to the belief that the boy's body will be found in the lake. Others are of the opinion that he perished in the swamp, while a majority of the people are confident that the boy has been kidnapped. Why this boy should be taken from his parents, who are not wealthy people, cannot be explained by those holding to the kidnapping theory, unless it might be the hope of even a small reward might have tempted someone to keep the boy in hiding until the offer was forthcoming.

Wilbur is of light complexion, with light hair, blue eyes and a full forehead, the eyes drooping a trifle at the corners. His hair is cut short, his nose is thin, and a little broad at the base. When he disappeared he was dressed in a tan-colored hat of oose leather, a blue chimney shirt waist, dark brown woolen trousers, black stockings, black laced shoes, with spring heels, and a white ribbed undershirt with low neck and short sleeves, over which was a white jean waist, to which the trousers was attached.

Vermont Prohibition Convention

Barre, Vt., June 20.—In marked contrast to the exciting scenes that were being enacted in the Republican state convention at Montpelier were the proceedings of the Prohibition state convention, which assembled in a small private hall in this city yesterday to nominate a state ticket as well as two candidates for congress. Less than 50 delegates were at attendance and the work of the convention was speedily disposed of. This ticket was nominated:

For governor, Rev. Joel O. Sheehy; lieutenant governor, Noble J. Ball; secretary of state, C. E. Wilson; treasurer, M. Campbell; auditor, E. H. Field; for congress, First district, H. M. Seeley; Second district, S. L. Swasey.

An Unusual Complaint

Boston, June 20.—In the case of Jeremiah H. Dowling against William H. Elliott the full bench of the supreme court yesterday decided that the plaintiff, an ice-dealer of Brighton, was entitled neither to damages nor to an injunction to restrain the defendant, a grower of plants and flowers, from using soft coal or other fuel that would interfere with or injure Dowling's business or property. The ground of the suit was that soot, dust and clinders fell from the chimney in the defendant's greenhouse into a pond from which the plaintiff got ice for his customers.

Want Labor Section Restored

Boston, June 20.—Much dissatisfaction is expressed in labor circles with the action of the senate yesterday in striking out the so-called "labor" section of the subway bill, and this was embodied in the adoption of a resolution that in the event of the passage of the measure in its present shape wage earning voters would be asked to defeat the measure when it is submitted to them at the municipal election.

Failed to Answer in Court

Boston, June 20.—The name of Robert Gould of Newport and New York was called in the Boston municipal court yesterday, but the man was default. He was arrested Wednesday night on the charge of speeding an automobile at a greater rate than the city ordinance allows. When booked at the station he deposited \$500 bail for his appearance in court yesterday.

Charged With Setting Fires

Plymouth, Mass., June 20.—In the district court here yesterday Percy W. Shurtleff of Carver was held in \$1200 bonds for his appearance before the grand jury on the charge of setting woodland fires in Carver during the past few months. Several residents of Carver told of seeing Shurtleff burn down bushes, and in a few minutes they would be ablaze.

KING ALBERT DEAD

Not an Empire Maker, but Extremely Popular Among His Subjects

Dresden, Saxony, June 20.—King Albert died at 8:03 p. m. last night. His majesty passed away peacefully at the castle of Sigmund.

King Albert was born April 23, 1828. He was the oldest son of King Johann and of Queen Amalie. When he was added to the throne of Saxony, the kingdom was sorely taxed with a war debt of 10,000,000 thalers. The new king's wisdom gradually removed this debt, and his many noble qualities endeared him to the people.

The king was childless and will be succeeded by his brother, Prince George. His queen is a much beloved princess.

King Albert of Saxony was the last of the generals who commanded the German army of 1870. He could hardly be called one of the empire makers, for it was his father, King Johann, who brought Saxony into the empire, but with her own active assent. King Albert contributed to the foundations of the empire, and although he fought against the Prussians in the war of 1866, he immediately reconciled himself to the situation and supported Prussia's political and military aspirations.

As his majesty grew older he shared in the idealization which influenced the group of great statesmen which surrounded William I. His sonlier life produced few incidents in the Protestant-Catholic country which he ruled, and his unobtrusive support of his own church, the Roman Catholic, never caused a conflict with popular opinion. The vast majority of the inhabitants of Saxony are Protestants.

Clanduburn in Vermont

Barre, Vt., June 19.—A clauduburn here last night caused the river to rise to such proportion that the Central Vermont railroad bridge near Middlesex was washed away and other bridges over the river at different points are reported gone. Considerable damage was done in this city, the electric light poles being washed out and the city was in darkness.

Daniel Cooke (106) m. Abigail Blackman (as given); they had Olive Blackman, born March 4, 1756.

(No. 92) Capt. Peter Cooke, June 20, 1771, sold to John Fenner of Gloucester, one tract of land containing 172 acres, being the same which he bought of William Fenner of Cranston.

Peter Cooke, July 2, 1783, sold to Theodore Foster one piece of land, of 181 acres, and 19 rods.

Peter Cooke, Ap. 11, 1785, bought of Samuel Millard an amount of land not named, but from the courses and distances given it must have been nearly 100 acres.

Peter Cooke, June 5, 1782, sold to Theodore Foster one tract of land lying a little northward of the Providence and Plainfield road, containing 150 acres, being land he purchased of William Fenner, of Cranston.—H. R. C.

## QUERIES.

8272. WARREN—Who was the Hannah Warren, who was born in 1680, died Jan. 14, 1739, married Dec. 1, 1680, Jonathan Davenport, of Little Compton, R. I.—C. L.

8273. DAVENPORT—Who was the Jonathan Davenport, mentioned in above query? He was born in Little Compton, R. I., 1689, died Jan. 11, 1729.—C. L.

8274. PITMAN—The Jonathan and Hannah (Warren) Davenport in above queries had a son Thomas, born in Little Compton, Dec. 10, 1681, married July 2, 1737, Mary Pitman, of Newport, R. I. Who were the ancestors of Mary Pitman?—C. L.

8275. GIFFORD—Who were the ancestors of Christopher Gifford, born July 1685, died Nov. 22, 1748, married Deborah Perry of Edward and Mary (Freeman) Perry, of Sandwich, Mass. They had a son Enos, born Feb. 6, 1688, died May 1769, married Phillips, who died after 1764. Who was Phillips?—C. L.

8276. NEWTON—Who were the parents of Capt. Simon Newton, born about 1719, died Jan. 20, 1808, married Jan. 27, 1740-1, Mrs. Mary Richardson, of Newport, born about 1724, died May 11, 1810. The "Mrs." probably meant Mistress, and did not show that she was a widow when she married Simon Newton, because in Simon Newton's will, probated at Newport, R. I., a house belonging to "Father Richardson" was mentioned. Who were her ancestors?—E. M. T.

8277. COOKE—Can H. R. C. tell who was the Stephen Cooke who married in Jackson, Washington Co., N. Y., Hannah Stewart, born about 1800, daughter of David and Elizabeth (Kenyon) Stewart.—J. F. S.

8278. WATSON—I would like information of the families of two Watson brothers who were in Washington County, N. Y., probably before 1800, came from Rhode Island. Augustus Watson had only one child, as far as known, James, born about 1812, married Emeline Stewart, and he was brought up in the family of his uncle, Simon Watson, who had four sons, Varum, John, William and Nelson, and three daughters, Susan, Polly and Hannah. Susan married David Stewart, Jr., a brother of Emeline, and child of David and Elizabeth (Kenyon) Stewart. Who were the wives of these Watson brothers, Augustus and Simon, and what became of the sons of Simon?—G. W.

8279. FOSTER, LAWTON—Jonathan Foster and Elizabeth Munford of Peleg, were married in South Kingstown, R. I., Feb. 1, 1724-5. Was it their daughter Abigail who married Joseph Lawton, Jr., Mar. 17, 1749, and did they have a son Edward, a son Joseph, and a son Job Lawton? Who were the parents of Joseph, who married Abigail Foster?—E. M. T.

8280. NEWTON—A Thomas Newton married, Ap. 18, 1618, Joan Smith, daughter of Richard. (See Austin's Genealogical Dictionary.) They had daughter Abigail, sons Israel, James and Smith. Richard, son of Richard Newton, in his will called Thomas Newton "of London," and left him land and a house in Bristol, and Hog Island. This will was probated July 12, 1622. Can any one tell me whether this Thomas Newton had a grandson John, Mariner, of Bristol, R. I.? I would like the marriages of Thomas Newton's sons, and the names of their children, if possible.—E. M. T.

8281. GREENE, RALPH—Can any one give me the names of children of Daniel Greene and Mary Ralph, married at North Kingstown, Rhode Island, Jan. 9, 1737-8. Also of Peleg

Greene, of North Kingstown, and Ann Ralph of Warwick, married in 1737.—C. L.

8282. BODDY—Who was the Thomas Boddy living in Coventry, Rhode Island, in 1747-8.—S. B.

8283. DRAPER—Who was the Joseph Draper living in West Greenwich, Rhode Island, in 1771.—S. B.

8284. SMITH—Would also like to know who was the Stephen Smith living in Bristol, Rhode Island, 1771.—S. B.

8285. TANNER—Can any one tell me the maiden name of the Mrs. Mary Tanner mentioned in the following inscription, in the "Church-Yard," in Westerly, Rhode Island? "Mrs. Mary Tanner (wife of John Tanner, Esq., of Newport, R. I., who to escape the storms and dangers of an unnatural and cruel Civil War, took refuge in a rural retreat, where his pious and worthy consort, after a long continued weakness, died March 12, 1770, age 61 years, 8 mo."—A. M.

8286. PHILLIPS—Who was Hepzibah, wife of Jonathan Phillips, of Marblehead, Massachusetts? They had a daughter Ruth, who married first—Edwards, and second Nicholas Tillinghast, of Taunton, Massachusetts. What was the first name of—Edwards, and who were his ancestors? Nicholas Tillinghast was born May 20, 1720, died Feb. 20, 1797, m. Feb. 11, 1762, to Ruth Edwards. He was son of Joseph Tillinghast of Newport, R. I., and his wife Mary Hendon, widow of—Hendon. What was his first name, and what was the maiden name of Mary Hendon?—E. W. H.

8287. WEAVER—Has any one found the name of the wife of Clement Weaver, of Middletown, R. I., who had a son James, born—died 1814, married October 31, 1751, Rebecca Coggeshall? What were the dates of her birth and death? She was the daughter of John Coggeshall, of Portsmouth, R. I., who died 1746. His wife was Ann—What was her maiden name?—A. I. C.

8288. WHITFIELD—Who was Eleanor Whitfield, wife of Noah Arnold, of Gloucester, R. I.? When was she born, and when did she die? They were married December 18, 1748.—J. H.

8289. LACE—Who were the ancestors of Ann, wife of Daniel Lake, of Portsmouth, R. I.? He died 1793, she died after 1791.—T. W.

8290. HENSON—Would like to learn the names of parents of John Hudson, of Newport, R. I., who was born 1737, died June 1, 1784, married, July 12, 1759, Mary Weaver, born 1739, died August 8, 1812, daughter of Thomas and—Weaver, of Newport. Thomas was born 1703, died May 29, 1770. Who was his wife?—T. W.

8291. POWER, CORY—Nicholas Power, of Providence, R. I., born Ap. 5, 1742, died Jan. 26, 1803, married, Ap. 20, 1769, Rebecca Cory, born 1747, died October 28, 1825, daughter of William Cory and Mary—, of Providence. Who were the ancestors of William Cory, and what was the maiden name of his wife?—A. D. R.

Negotiations are under way by which Mrs. Potter Palmer of Chicago may soon become the owner of White Hall, once the residence of Governor Shapoe, a colonial governor of Maryland, overlooking the Chesapeake bay, about six miles from Annapolis. It is one of the best specimens of colonial architecture in the country, and contains some fine samples of ancient furniture and paintings.

The new organ for Trinity church has arrived and is being placed in position.

A number of Memphis Democrats have, says a Southern Democratic Exchange, endorsed Richard Olney for President. If we are to have a man from the Cleveland side of the house, Olney is the best one in the whole crowd. However, should Olney be nominated the Democratic party would try to elect two Presidents in 1904. This shows that it is still Bryan or nobody in the minds of many of the party.

Mr. Felix Mully of Boston has arrived for the season.
